SANDRINGHAM URBAN – ABSOLUTELY JUST RIGHT

This model is made to the most perfect proportions, and is just simply lovely to sit in. Beguilingly, totally comfortable (unlike so many, many sofas!) its undemanding, understated design looks equally fabulous in plain rich velvets, lush patterned chenilles or plain unadorned leather. If you have the space, choose extra long, and extra deep - you will never regret it!

MADE TO ORDER

All Mark Elliot sofas and chairs are beautiful, bespoke and handmade to order in England. Every sofa and every chair is handmade to order by master upholsterers and is absolutely bespoke. So, whatever your heart desires from a sofa, we can oblige. Great isn't it? So, sofabed or sofa? standard, larger or smaller size? deeper or less deep? matching or contrasting fabrics? or the finest English leather? feathers, or qualofill premium foam (or both?) scatter cushions or bolsters, large or small or in-between? armthrows? wood feet or castors? Fabric protection? It's all absolutely up to you. Whatever you choose, it will be handmade to order in England. Either at our factory in Beccles, Suffolk or in Long Eaton, Staffordshire. It's important that you know that. It's certainly very important to us.

NB: All measurements are approximate due to the handmade nature of the product. All height sizes shown are frame heights. We would advise that the overall height – (ie including the back cushions) will add 1cm-20cm to the frame height. Please also allow 1cm – 3cm extra on the width measurement to accommodate different fabrics/padding density. Please clearly state your maximum size when ordering. Where the sofabed option is 'Yes' – we also advise that slight frame adjustments may be necessary in order to accommodate the sofabed mechanism. Enquire in store for details.
